# Plasti-Grip® ci Prong washer

Use with Grip-Deck® screws to attach XPS and Polyiso rigid insulation as well as EPS foam for EIFS (PM) synthetic wall systems.\*

## **SPECS:**

- Pre-spotting prongs for on-the-wall fastener assembly
- Round 1 3/4" diameter plastic tapered plate
- Compatible with nails and screws
- Flexible design will flatten without tearing facer
- Additives for extended UV exposure
- White in color
- Optional EZ-Driver or Bullseye® auto-feed system for rapid installation

*\*For applications where rigid insulation is being used as the air barrier, use Thermal-Grip® ci Prong washer for superior air barrier performance*

*\*Patented or patent pending*
