RODENHOUSE

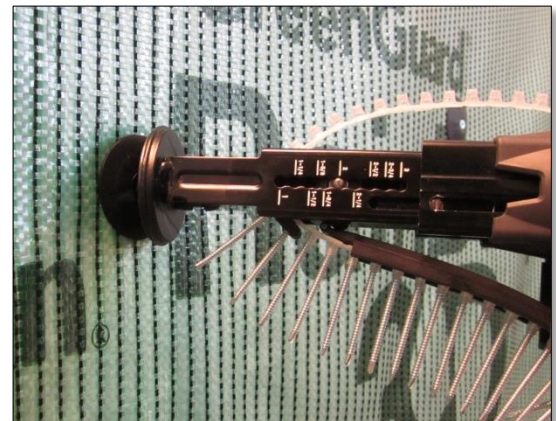

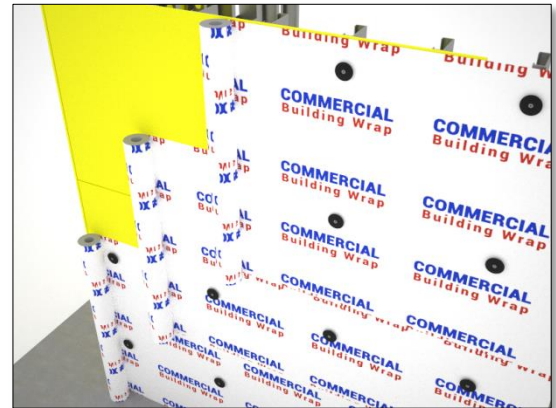

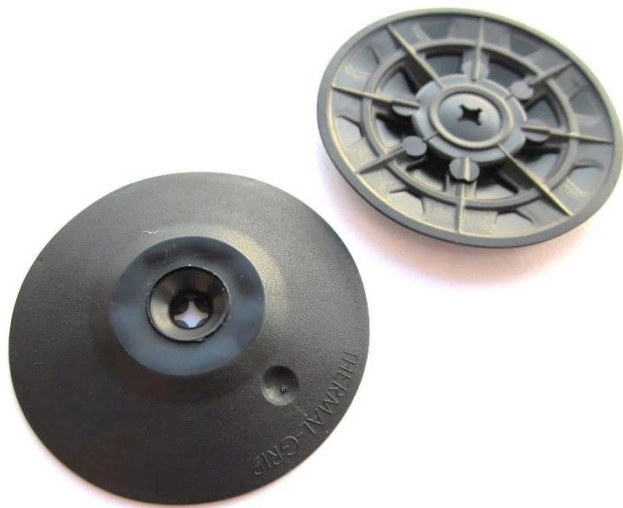

Fastening Systems

*Bullseye® Auto-feed System

Thermal-Grip® ci washer

Use with Grip-Deck® screws to attach commercial building wrap and rigid foam insulation to steel or wood studs.

SPECS:

- 2" diameter
- Tested in air barrier systems
- Carbon Black UV stabilizers
- Flattens on surface of insulation
- Compatible with nails and screws
- Rigid insulation manufacturer approved
- Flexible perimeter compresses on surface and reduces tearing
- Stiffened center "Bullseye" ring prevents fastener pull-through
